Crafting a 232-page yearbook is never an easy task, but the 2019-2020 team had to face a new set of challenges. COVID-19 sent us home, scattering us around the globe and stripping away one third of the year. However, this diligent team did not waste any time; we had tri-weekly online meetings and worked around the clock in an effort to provide the students with a book to remember this unique year.

We would like to thank Ms Gagné and Mr Ganley for supporting us all as we worked through the plethora of challenges we faced—and overcame.

What the yearbook team accomplished this year was extraordinary and I would like to thank the entire team for the time and effort they put into completing this annual.

We hope that Brentonians will cherish this book as a way to remember one of the wildest and weirdest years Brentwood has ever seen.

**Will MacDonald**, *Yearbook Captain, 2019-2020*

I echo Will's sentiments. He and the yearbook team have given the school a special gift by completing this book and including so many excellent photos of so many students. Their effort and resourcefulness are to be commended. We hope you enjoy the book.

**Mr Jim Ganley**, *Yearbook Editor*

The Brentwood First XI Field Hockey team played an amazing season this year improving tremendously and placing 9th at provincials. The team proved to be hard-working, strong individuals who conquered their weaknesses and grew as a squad. We participated in several tournaments including the Friendship Cup, the John Ferrara Cup, ISAs, Islands and, finally, AA Provincials.

The journey to get to provincials was not linear; it included winning a qualifying game 8-0 as well as battling until the last minute for the second birth. In the moments which tested our dedication, each of the players proved her place on the team and demonstrated true grit and joy whether it was on or off the field. The coaches, Ms Natasha Ostopovich and Mr Andrew Haige, pushed each player to reach their full potential. The team, grateful and appreciative for the commitment of the coaches, is extremely excited to see what next year holds. We also wish Coach Haige good luck at the 2020 Masters Field Hockey World Cup in Tokyo.

At the beginning of the season, the team faced hardships as many of us were moved between the First and Second XI. We were starting to learn how to play together as a team rather than as a group of individuals. This new sense of teamwork led the team to winning the John Ferrara Cup. After playing in many other tournaments and extra games against Shawnigan Lake and Frances Kelsey, the team was ready to play in Islands where we earned a berth to Provincials.

The First XI was composed of three amazing Grade 12s, a few Grade 11s, and a large collection of juniors, and although the team will miss the graduating players, the youngsters are excited to see what next year will bring. We practiced as we played, demonstrated grit, and showed joy in everything we did.

The 2nd XI is the sweet jam in the sandwich—the outside layers being the 1st XI and the Development team. This season, field hockey had more of an on-campus profile thanks to the donation of the artificial turf by a former player and her family. This enabled us to train occasionally at the school and play 7-a-side interhouse matches in the final week. The majority of our games and training, however, were on water-base turfs alongside the 1st XI—some of our players graduated to that team and we acquired Development players to replace them.

We had a mixed season starting with a few returning players, Grade 8s, and athletic beginners learning their skills and rules of the game at a tournament in the first week. Urged, motivated and challenged by alumnae Alex Hatton and Rachel Reynolds and organized and directed by Sue Whitney (with 65 years of experience!) the team had a marvellous, fun season. We were captained by Alannah Guiney, who was a positive role model.

Our forwards showed no mercy down the wing—Amy Pavlis centring the ball to hungry forwards in the scoring circle. Slava, Waca, Atisha, Leah and Sophia learned the craft of being in the right place at the right time.

The midfield engines of the team hustled harder as the season went on—it must have been all of those sprints we threatened—and continued to feed our forwards—Grace, Jessica and Alannah—amazing passes and got some goals of their own.

The defenders were a force to be reckoned with. Thanks Sad Emma (when your collarbone wasn't broken), Rory (when you had teeth), Lily, Anh Thy and Charlotte (when your wrist wasn't strained) for keeping it out of our net. We also had our goalies Eric, Skye, and Sloane. They made some phenomenal saves.

It was a busy season with several tournaments and weekly games. Wins, draws, and losses aside, the girls are now ready to show their grit and joy in whatever sport they choose. We hope you play field hockey wherever you go.

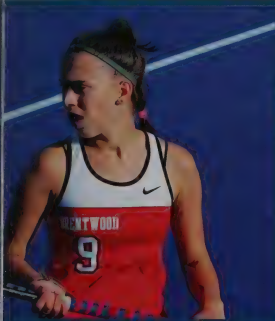

Sue Whitney, Rachel Reynolds & Alex Hatton

The Development Field Hockey Team had a very productive and exciting season. Many of the girls who played on this squad had very little to no field hockey experience at the beginning of the term and ranged in age from Grade 8 through Grade 12. Over the course of the season, the team worked very hard to improve their basic skills, as well as their tactical play on the pitch during competitions, and showed great improvement. The girls and coaches both enjoyed using the new pitch on campus, which was a much-appreciated improvement from playing on a grass field.

The team played a number of games throughout the season and with each match bettered their skills significantly. The squad played games against different opponents from Victoria, Shawnigan Lake, and Nanaimo and worked hard in front of the net to both score goals, as well as defend their goalkeeper. Their season culminated with a tournament against teams from all of Vancouver Island. The girls played very well at this tournament and were able to demonstrate the gains they made since the start of the year.

The coaches would like to thank all of the girls for their tremendous attitudes this season. We immensely enjoyed working with the entire team; their industrious work ethic and bubbly personalities were refreshing. We wish the graduating players from our team the best of luck, and hope they will continue to enjoy playing field hockey beyond Brentwood. We hope to see everyone else out on the pitch next year!

# Junior Colts Rugby

(top row) Mr Branchflower, Oliver Gibbs, Jago Norris, Nathan Kiwaluk, Norbert Marasek, Eric Guo, Cuchulain Carroll, Will Catlin, Arthur Wang, Lochlan Kapuscinski, Toby Bartsch, Anton Spinelli, Alex Edwardson, Spencer Wilson, Benson Sinclair, Mr Smith (bottom row) William Heard, Taiyo Tomita, Thomas Paul, Tye Chilton, Beaux Boehme, Finn Goodall, Ocean Jang, Axel Hernandez Sanchez Navarro & Kaelin David.

The Brentwood Grade 8 & 9 Rugby team had one of its most successful seasons to date. We had heaps of players, all full of talent and courage, and we improved substantially in a short while. Most notably, we recorded some excellent results against top teams.

The team was led superbly by Will Catlin, who showed the determination he had honed as a rower, and who quickly became one of our most reliable tacklers and ruckers. He was supported up front by Will Heard, initially a baller with baggy shorts, who steadily found the grittier aspects of rugby to his liking, and by Finn Goodall, a quiet contributor whose work ethic spoke more than anything he might utter.

In the back, we were blessed with a multi-pronged attack that used the athleticism of several standouts: Beau Boehme was an experienced player who combined slick footwork with a strong fend; Axel Hernandez Sanchez Navarro was a powerful runner who sought out the hard stuff; and Anton Spinelli, whose jiggy-jaggy sidestep and disco spin move left defenders grasping at air.

We also had our biggest contingent of Grade 8 players in recent memory: eight 8s showed the courage to compete against older players. Sebastian Ellis-Gray showed particular grit in a scrimmage against SMUS in which he tackled their most dangerous runner which led to a turnover and try. Norbert Marasek impressed too, showing the speed to out-gas opponents.

We had friendly scrimmages against SMUS, Shawnigan, St George's, and Collingwood. Our most notable result was a shared first place in the BC Invitational Sevens, in which we had victories over Collingwood, Saints, and SMUS. But most rewarding to see was the commitment we had from each player at both practice and games. No matter how wet or cold, no matter the score, we worked hard and supported each other. The Brentwood rugby program is looking good for the foreseeable future.

Mr Phil Smith, *Coach*

## Rising Superstars

(top row) Thomas Paul makes a break on the wing; back in black; Anton Spinelli out-runs his opponent (middle row) Will Catlin drives through a tackle; Tye Chilton shows some great footwork; William Heard runs support (bottom row) Axel Hernandez Sanchez Navarro commits to a last-minute tackle (bottom row) Beaux Boehme leads the scrum; the forwards prepare for a scrum; Alex Edwardson offloads in the nick of time.

# Senior Boys Soccer

(back row) Mr Barrett, Ankit Bakshi, Jack Napier-Ganley, Callum McAllister, Matthias Streblow, Josh Lavigne, Will Gibbs, Finn Murdoch, Ben Holzmänn, Declan Sanders, Ben Zehner, Finlay Cornelius, David Lee, Arnau Torrent, Jack Rogers, Erik Long, Tareq Alansari & Mr Reynolds (bottom row) Ifeanyi Ayadiuno, Torren Kaiser, Callum Blake-Currier, Will MacDonald, Juan Navarro Perez, Noel Pettit, Ben O'Malley, Connor Walsh & Jamie Trow.

If you told me that 26 individuals were enroute to make history, I would've called you crazy. In fact, we struggled through adversity from the beginning of the season. Back in September this team was already rewriting the books, visiting St George's for the ISAs. We managed to defeat West Point Grey, Shawnigan, and the hosts, securing a spot in the final. Replaying WPG in the final wasn't as easy as we thought, but fueled by Church's Chicken, the boys were ready to go. Down 1-0 before the half, the boys were able to make a comeback sparked by Chris Song and his renowned halftime speech and led by Jack Rogers, tournament MVP, with a superb finish at the 87th minute. We won ISA Gold for the first time in the decade.

Despite a season where goals were scored by almost every man on the roster, things looked grim at North Islands. Playing with a short roster, it was a full team effort that got us through to the next round. Sparked by Ben O'Malley finding the back of the net, Brentwood was able to land yet another 1st place finish and qualify for a spot at Islands.

Having Islands over midterm meant we had to rely on grit and joy to qualify for provincials. Fortunately, a couple of our youngins were able to help us on our historic mission. They stepped up when we needed them most. Beating Isfeld, Brooks, and Stellys, the team finished 3rd. This meant that we would travel to provincials for the 4th consecutive year.

A chilly Sunday afternoon saw us traveling in style—in suits—because, as I said, "It's a business trip." The fellas felt and looked good. Pool play saw a 3-1 win, 2-0 loss, and a 3-0 win securing the top spot in the pool—for the first time in school history. This meant a top 4 finish, another school record. The following two games were rough, but we walked away 4th in BC. We want to thank Mr Barrett, Mr Reynolds, Mr Veenema and everyone else involved with this season's success helping us accomplish what we did.

It's SHOWTIME.

# Junior Boys Soccer

(top row) Coach Tommy Mallette, Coach Paul Collis, Nicolas Eversbusch, Youki Imai, Steven Gaisbichler, Simon Gillespie, Obase-Otta Akpama, Emil Fichter, Jacob Hart, Milan Pasquale, Aidan Atkins, Jack Doehler, Bung Plangsiri, Coach Wesley Barrett, Coach Mike Veenema (bottom row) Tait Stevens, Avik Bakshii, Yehya Jama, Benjamin Mandorla, Dylan Gage, Bennett Peto, Davis Pettit, Thomas MacDonald, Kainan Robinson & Oscar Long.

The 20th century prophet Meat Loaf once sagely observed, "I want you. I need you. But there ain't no way I'm ever gonna love you, but don't feel sad: for two out of three ain't bad." This year's Junior Boys squad can boast of two trophies, and one empty, dusty void, both in our trophy case, and in our hearts.

Let's start with the first title: the Mid-Island League. Reader, we own this league. We have the receipt. We pay taxes on it. Kelsey? No. Gulf Islands? Nope. Shawnigan Lake? Please.

Stiffer competition awaited us at the ISA Championship tournament in Vancouver, but, again, when the whistle blew, there was Brentwood draped in silverware, fame, fortune, and women. St. George's may import Argentinians, SMUS may make Faustian bargains, but Brentwood wins back-to-back ISA titles.

And then came the Islands. Keeper Dylan Gage covered himself with honey, despite his bee allergy, so he would be extra adhesive; in retrospect, this was a poor coaching directive. Avik Bakshi, Oscar Long, Nicolas Eversbusch, Davis Pettit and Tommy MacDonald all stole their older brothers' lucky shin-pads. Ignacio De La Iglesia Rodriguez sent an urgent telegram home, requesting an emergency extra middle name. Youki did nothing differently; Youki does not need to do anything differently.

For a couple of minutes, we were a post and a goalmouth scramble from the Island final and eternal glory, but it was not to be. We ended up 5th on the Island: the women left us (last seen flirting with the older brother Ignacio was sent home in disgrace, Youki's parents disowned him and adopted Bung Plangsiri, and Coach Barrett was, of course, fired.

Meat Loaf reminds us that there ain't no coupe de ville lying in the bottom of a Cracker Jack box, but these Junior Boys, if not treasure, were a tree

Since the first practice, the Senior A Girls have been scrappy & gritty. After losing 8 to graduation, new faces joined the returning 5 players to create an inspiring team. Barely 2 weeks in we headed to Vancouver where we competed in the UBC Invitational. Although some struggles arose, they motivated the team to push & win the division. Next, the team competed at Camosun, then ISAs: our skill level went nowhere but up. Out of the 16 teams at ISAs, the girls fought their way to a 5th place finish. Our impressive dynamic was showing & we began to realize our hard work was paying off.

Moving to playoffs, we competed at North Islands. After winning our Day 1 games, we made the finals vs. John Barsby. This was one of the turning points in the season as our true colours were revealed in this best of 5 match. Winning the first set, we were feeling confident, but we then lost the 2nd & 3rd sets. We started feeling down on ourselves, but still driven. Kenya did not let anyone think that there was a possibility of losing this game. After a hard battle in the 4th set, the team pushed through to win the 5th set & we were North Island Champs.

This spirit carried onto Islands, where we battled our way into finals yet again. With a massive at-home Brentwood crowd, the team played a difficult game against Pacific Christian, receiving silver at Islands, but qualifying for provincials in Vernon.

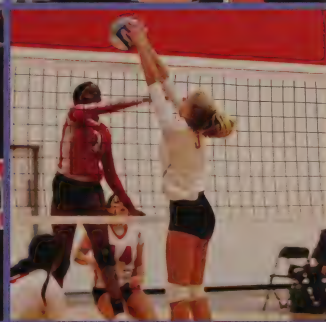

The previous year was the only time in 15 years that the team did not make provincials; this left a few girls uncertain the team would even qualify this year, but we made it. After a shaky first day, our momentum began to pick up & we won our final 4 matches of the tournament, finishing 12th out of 20. This was an impressive result for this amazing group of young athletes. Throughout the season, this team consistently displayed their inspiring team dynamic, cohesion, never-say-die attitudes, & with the exceptions of a few yellow cards, unmatched sportsmanship.

Starting this term with only five players having played at Brentwood before, we could only hope for a good few months ahead of us. With a fun-filled season, of incredible friendship and leadership, the team bonded and encouraged each other in a positive environment. One of the highlights of our season, besides our one win, was when our shortest player, Robin Argument, made two successful blocks.

Playing against A level teams, we had our fair share of losses, but the team never gave up even when it was clear the odds were stacked against us. With a good game mentality, the team persevered and stayed positive. With our girls going in and out of injuries, the support and energy coming from the sidelines, be it during a practice or game, was a constant encouragement.

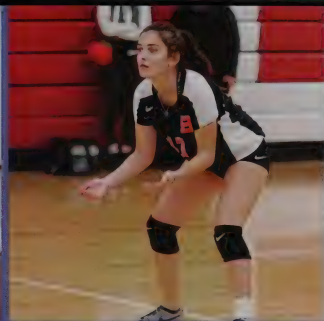

Players of mixed skill levels varying from beginners to experienced worked together to help bring each other's skill and energy up, both crucial to a good term. The key to any team is their coach and we couldn't have asked for someone more patient and energetic than Ms Hall. Her

contagious energy, as well as her profound love for her girls, was inspiring. Be it on the court, or in a spin class, her passion for coaching and bumping playlists made practices more fun. We couldn't have made it through the season without her. Her big heart made it particularly tough to choose just one captain. We ended the season with 4 captains which gave the team plenty of guidance on the court. Thanks to Sydney Hau, Robin, Sophie Habkirk & Madi McReynolds.

The team was flexible and open-minded to challenges thrown their way and this made the season loads of fun. Our season was exciting, and full of team-bonding moments, be it through losses or making fun of our libero for almost exclusively using her feet. With the exception of one Grade 12, the team was comprised of Grade 11s, giving it great potential for the fall of 2020.

## Merriment With Mike and Mariya

During their rollercoaster ride, the Junior A team had a phenomenal season. After losing our star middle Jocie Lenarcic to the seniors, we overcome her absence and pushed on harder. In a difficult pool at ISAs, the juniors went 2-3 coming out of the tournament with a seventh-place finish out of 12 teams. "The team kept working hard and improving drastically throughout the season" observed Sasha Bird Lopez, Co-Captain. Countless hours of learning rotations and practicing serve receive went into this young team's success.

Not long after the ISAs, the team started preparing for Mid-Islands. This tournament is composed of local competitors. It was a chance for this group to display their strengths, and everybody earned good minutes as we won the Mid-Islands. Following Mid-Islands, the team departed for Dover Bay where we would take part in the Islands. The ladies went into this tournament with high hopes and energy. After a tough loss to powerhouse Dover Bay, the ladies bounced back to lose by only 4 to SMUS in the third

set. Later that night, this enthusiastic group had a tough go vs. a hard-working and gritty Port Alberni. "This was not our strongest game, but the girls sure did put up a strong fight in the final set" said Mike Minkler, Junior A Coach.

After losing their first playoff game, the team could no longer make it to provincials. Despite this let down, the team fought hard and finished the tournament with grit, joy, and a win over Cowichan.

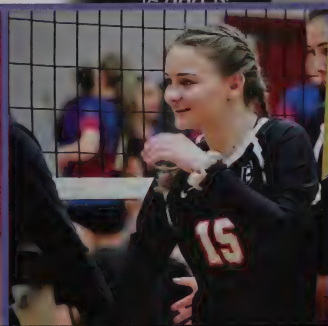

After an emotional season, this group has bonded, grown and improved greatly over this short term of volleyball. Their coaches and captains could not have been more proud of the improvement made throughout the season. I know that on behalf of the entire team we would like to say a huge thank you to our two dedicated coaches, Mr Minckler and Mariya Young, who taught us to grow as volleyball players and as people.

Our season of Junior B Volleyball began with a tournament in Nanaimo after having only two practices together as a team. Everyone was just learning each other's name and we were expected to know who to set to and who would take the first ball. Since then, we had many games and tournaments and our season of fall volleyball came to an end with the CVIAA tournament. The team played exceptionally well and ended up winning the whole tournament with no lost games. We ended the final game with our cheer in the huddle and listed everyone's positive influence on the team.

Every single girl on this team has improved her own volleyball skills, but as a team, we grew at least double that amount. We have played almost exclusively A teams this season and have won matches against AAA schools.

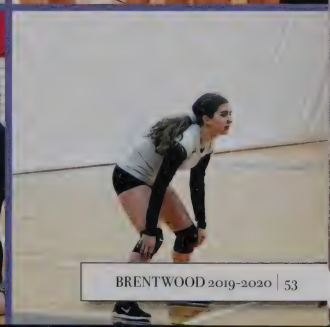

Ms. Scheck has been a truly supportive and amazing coach and has acted as a court mom for all the players on the team. She inspired all of us to play with grit and joy, never give up, and, most importantly, have fun - but maybe also win a game or two. We will deeply miss this team with Elora W always supporting us with Irish chants and Ms. Scheck telling us from the sidelines to move back to our home zone. We were so grateful that we were given the opportunity to lead this amazing team this year.

The Cross Country Running season began with a trip around beautiful Thetis Lake, a swim, and a secret ice cream stop. It seemed so easy, but by the next week, Mrs Reynolds and Mr Skardal had the team running over roots, branches, and rocks—not to mention through puddles and mud. We ran up hills; we ran down hills; then we mastered more hills. There was torrential rain, swollen streams burst their banks, mud-slicked corners only a few could successfully navigate, mountains that seemed unscalable, and Cliff bars. Always Cliff bars. Undaunted, we continued our training for the competitive season.

We participated in the Cowichan Valley XC Series, and runners who participated in all events earned a stylish completion shirt. The series consisted of four races, and several of our runners, including Peyton Harker, Katie Lenarcic, and Suzanna Graham earned first place finishes. We hosted the final run at Cobble Hill. Although it was a labyrinthine race, our marshals did a fine job of guiding the runners down the right trails.

The CVXCS was followed by the provincial qualifier. It was a drizzly day, but we earned great results. Peyton, Suzanna, Avik Bakshi, Thomas MacDonald and Keaton Heisterman individually qualified for provincials. Keaton, Jack Napier-Ganley, Callum Blake-Currier and Will MacDonald also qualified as a team and competed at provincials. Provincials seemed like a dream, but a gruelling hill in the middle made the race challenging. All of our runners did well: Keaton finished 2nd in BC. The senior boys team, consisting of Keaton, Callum, Jack, and Will finished 10th, earning themselves a ribbon.

The competitive season offers more than races. We also have traditions. From punishing core workouts, to Mr Skardal's attempts to disappear, to beautiful and scenic destination runs, it is not surprising that the runners remain so cheerful, regardless of the weather. One of our proudest traditions is performed at the end of each term: in gratitude, we give back to the trails that carried us by picking up litter. Fine results and good company, we had much to be grateful for.

## From Tennis With 'LOVE'

2019 started out as usual for tennis with lots of sunshine & fun on the courts. We welcomed back many members of last year's team & welcomed a host of new, exciting players. On September 27 & 28 we hosted the Fall Invitational with the usual barbeque. For the newest members, this was their first tournament competing for Brentwood & their introduction to our famous BBQs. Many Brentwood players were in the winner's categories which boded well for the upcoming season.

The core group of Senior & Junior players headed indoors for the second term to train at Arbutus Ridge & Bear Mountain. Everyone worked hard to improve their skills to prepare for the competitive season. Some of the seniors travelled to Nanaimo to compete in the Westwood Mixed Doubles in February. All did well & enjoyed a weekend of team bonding while Pasha & Coach T defeated Mathias & Maya to bring home the trophy.

As the third term began, the Juniors travelled to Powell River for a friendly. Everyone performed well, got to know each other & gained some valuable experience. We then all headed off for March Break for a rest, looking forward to all of the fun spring events.

Everyone will remember what happened next with students not being able to return to campus & the tennis season effectively cancelled. Mrs McLean, Coach Ti & Coach Art would like to thank all who practiced so hard over the first & second terms. We had a terrific time coaching you.

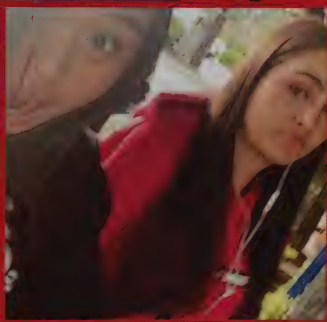

Thank you to all the 12s who, unfortunately, did not get to complete in their final year on court; we will remember all the great times we had together. Best of luck to Mathias, Pasha, Liam Masha & Mariko. You will not be forgotten. Neither will Christian, Leo & Nico, who will not be back with us next year. We loved spending time with you & hope to see you on the court in the future. It was not the tennis season we envisioned, but it was still a year with many great memories & new friendships.

Mrs McLean

The time we all spent training on the court and in the gym resulted in not only a motivated, successful tennis team, but, more importantly, a supportive environment. We are all saddened by the loss of our competitive season this year, but we can't help being even more thankful for our coaches. All of them have helped create the players and the people we will become once we leave Brentwood, and that's really what being a part of the team was ever about for us. We seniors can't help but reminisce over our time at Brentwood. With all of the years we spent training on and off the team, it is disappointing to end without one more chance at Provincial gold. Despite this loss, we really have left to say is thank you to our coaches for helping us become good athletes and even better friends.

Liam O'Malley & Mathias Delage

To our coaches, I would like to say thank you on behalf of the team for all your hard work to help make us better players on and off the court. Not only did you guys make us better players, we also learned to train and work as a team.

We had a large & enthusiastic group of Junior Boy & Girls this year. Some of the juniors trained with the seniors starting in the Fall, transitioned to the indoor courts for the winter & then back on the Brentwood Spring courts at the end of term two. Others joined us only for the Spring term & were just starting to train for the upcoming competitive season.

Some juniors travelled to Powell River before the Spring Break & were able to play some competitive matches there. Before the pandemic, the juniors were looking forward to competing at the Brentwood Spring Invitational, the ISA Juniors, the Junior High Provincials in Vancouver & the Brentwood Intra-School Junior Singles Tournament.

Those in Grades 8 & 9 will be looking to attend all the fun tennis events next year. Those moving up to Grade 11 will be practicing hard to join the senior team & finally for those who will not be joining us next year, Coach Art, Coach Ti & Mrs McLean thank you for all your hard work, enthusiasm & dedication. We wish you all the best. We hope to see you on the court in the future. Take Care.

# BEAT

The Brentwood Environmental Action Team's '19-'20 vision was to promote environmental awareness & action at Brentwood and the wider community by continuing with past initiatives while engaging in new ones.

In September, we kicked off the year by participating with the local branch of the FridaysForFuture strike for the climate, a youth-led event inspiring thousands to demand climate action. That was followed up by the first of many community clean ups, & a waterfront bonfire with s'mores, banana boats, & friends! We also held multiple waste-sorting awareness events to help meet this year's goal of keeping our recycling & compost clean.

In October, some dedicated students began work on a year-long project to develop the school garden. Harvesting apples & fall produce to donate to the food bank was the first action, followed by cleaning up the garden, & planning its expansion. We planted winter greens & garlic in the fall, & started seeds in the small greenhouse in the spring. This project also won a grant from the BC Green Games competition for BEAT initiatives.

In term two we joined other community members to clean up a beautiful beach & then enjoyed warm drinks while sorting the trash. We also built 40 bird houses & 30 mason-bee hive to encourage songbird activity, promote pollination in our gardens & support endangered Violet-Green Swallows at a local wetland.

Conscious of the impact that Vancouver Island winters have on those who are living in poverty, the BEAT partnered with SPARC to collect much needed food, warm clothing & toiletries to donate to food banks. We were blown away by Brentwood generosity & were thrilled with the success of the campaign. Though COVID-19 disrupted the third term, the BEAT still held Earth Week in April, a bottle drive May & encouraged all to go out to enjoy nature, & find ways to be kind to the earth.

*Thanks to everyone whose hard work & dedication to protecting our planet made this an eventful & successful year.*

The team started its journey in November. We hosted the ISAs & although the results weren't promising we kept our heads high & kept working. Weeks later, the story continued. The No Regrets Tournament would be a good trial, so half the team & a couple of juniors travelled to North Van & measured themselves against other top teams. Thanks to Ifeanyi A's energy gummies, the team managed a 4th place finish.

The return after Christmas Break was rough. We seemed out of rhythm, but we were eager to get that back. The Victoria Police Tournament was a turning point; the team spirits were lifted & progress was made rapidly over the course of the next few weeks.

By the time February midterm rolled around, a long bus ride, where Shaw B & Jack NG, blessed—or cursed—the team with their amazing voices was all that stood in between them & the start of our playoff run. We started 2-0 conquering the North Island 2A banner. A week later, in our Foote Centre, the team was ready to defend our Island crown. In a tough matchup against Lambrick Park, we were able to secure our 4th straight Island Championship banner & a trip to provincials.

Four more W's was all that was needed to bring the provincial gold back to Mill Bay. The first game saw our team gain confidence & a W, the 2nd game saw our team, with fresh haircuts (shoutout to Jeevers for the plug) take another W sending the boys to the semi-final. A tough loss against eventual champs, Charles Hays, meant a 3rd place finish was the horizon.

Thank you to Mr Gage, Mr Sullivan, & Mr Pasquale for the time & effort that they put into this team. Thanks to Laurel, Tanner, & Mike for keeping us healthy. Lastly, thanks to the team, to each & every single one of you boys, for all the sweat you dropped on the hardwood together, because it took all of us to achieve what we did. This was Brentwood's 3rd podium finish at provincials in the last four years & it was special to be part of that greatness.

Family on 3!

## The Little Team That Did (Qualify for Islands)

The team had a very successful season. With many new players and a new coach (Mr Vittorio Pasquale) nobody really knew what to expect. In the end, we did something the Senior Girls Basketball team hasn't done in a long time—qualify for Islands! Despite the outstanding last three games we played at North-Islands, we weren't always so agile.

Coming into the season, the girls played Qualicum after only two practices. We lost by a miserable amount. However, the team did not look down; with inspiring leadership by Captain Rae Wheaton, we attended practice on sports days and after arts. Here, we learned different plays and analyzed how to approach different types of teams. There were never any complaints, and the girls really enjoyed the style of coaching we got this year from both of our awesome and level-headed coaches. Thanks to you too, Mr Reynolds. Every girl got better at dribbling, understanding plays, and communicating on the court. Although we lacked in numbers, I can promise you we never lacked team spirit.

Our dedication was shown throughout the season as we came away with more wins and had a very tight and entertaining Showcase game against

Shawnigan. Some highlighted players earned "Player of the Game" for many different reasons through the tournaments. These players include Rae, Asia, Abi Sullivan, Bonnie Zhong (our secret weapon) Freya Podlasly & Abayah Hunt. Ally Dafoe also had success shooting threes, Mariko Lee with ball-handling, and Airi Hatori was always hustling.

Alas, the season came to an end when the girls had one challenge left—playing Qualicum one more time in order to advance to Islands. Knowing our past results against this team, the starting players knew this might be one of our last games together. Instead of playing in fear, we remembered our coaching and played with heart—which is something our team definitely did have a lot of. The rest is history.

The Junior A Boys had a very successful season starting with the Victoria Tip-Off Tournament where we narrowly lost the final to the #1 BC team, Walnut Grove. This hinted at a bright future.

We went undefeated in the league racking up many points against all of our opponents. We also played the #1, 3, 5, and 6 teams in BC. We played very good basketball against these teams, despite not always coming out with a win. The boys always found a way to learn from the game and move forward better than before. In mid season, the boys were able to sustain winning basketball despite injuries of two important team members - a sign of good depth. The goal for any Junior team is to improve and prepare for the challenge of playing senior, and the boys are set up for success as they move up to play for Mr Gage.

With a record of 20-5 and narrowly missing the provincial tournament, the team can hold their heads high, fuelled to do even better next year.

Buchannon F. Whittall '22

Our Junior B Boys Basketball team this year consisted of multiple league games, tournaments, and long, noisy bus rides - which seem to be Mr Warner's favourite.

The season began with the Mid Island League where we posted a record of 6-1 and won the playoffs against season rivals Shawnigan thanks to some late-game heroics from Jagre Knight, Privett '23 and Jaxon McDougald, Rogers '23. In tournament play, we snatched a fourth place finish at the ISA championships with a record of 2-1. The Grade 9 Island championships had a lot of ups and downs but we came away with a third place to wrap up the year, thanks to the team beating antics of Jaden Lust, Ellis '23.

It was a great year for all—the improvements in the way we played were immense. We would like to thank Mr Warner, the food service and laundry teams, and all of the bus drivers. This season would have been possible without you. The future of Brentwood Junior Basketball looks very bright.

This was a historic year. Many of these devoted girls met on Wednesdays through the fall to build their skills. Once the season began in November, we were ready to go, leaping into tournaments. We were deep enough to field two teams, one in the Victoria Tip-off and only one game to top-ranked Belmont, & another to VIU, where we were undefeated. We also entered two teams in the BC-Island league, where both teams went undefeated, winning the runner.

After winter break, we returned to host the Ogilvie Tournament, where our two teams tied & collectively won the trophy. Although a number of players were dealing with injuries, by mid-January, the team was in peak form & ended up defeating PCS, Claremont, Alberni to win the PTQ for our first ever berth to provincials. The team then ventured to the ISAs where we earned silver, losing only to MSU, who ultimately finished #2 in BC.

We then ventured to Provincials where we faced a difficult first round matchup, losing to #15 3A College Heights. The squad regrouped & came back with a convincing 32 point win over 3A Duchess Park. We faced another 3A, Robert Bateman, in our most exciting game of the tournament. Down by three with a minute left, Jensa Napier-Ganley hit a three to tie, & then we made a steal & some free throws to win 52-55, moving us to the finals. After such an exciting game, we weren't sure if we could muster the energy, as we faced 4A Riverside, but his group continued to play gritty, & pulled away with another convincing victory. With a tournament record of 3-1, the future looks bright.

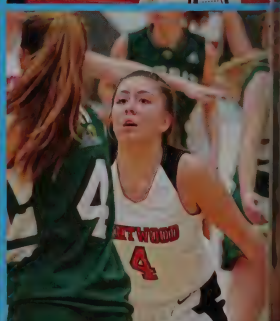

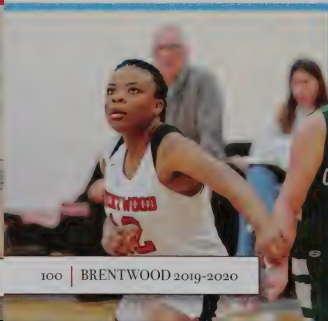

The girls put so much effort & spirit not only into their games, but into each practice. We devoted time over break & every Wednesday night to better our game. We welcomed new additions to the team & ultimately ended the season as sisters on & off the court. So much has been learned this season & memories have been made together. Thank you girls & thank you to Ms Napier, Manton, & Bakker for a great season.

The Brentwood Hockey program enjoyed a fun and developmental year during the '19-'20 season. With the majority of last year's team having graduated, there were many spots to fill and opportunities to explore. The boatload of new grade 10s compiled the majority of the senior team, and they did not fall short of the mark.

The Senior team battled hard their entire season, playing against Kelsey, Shawnigan, and Cowichan multiple times. The team's hard work earned them a chance at the league title, playing against Cowichan in a pivotal away game. The team battled hard but could not quite edge out the strong Cowichan side. The annual Saville Cup versus St. George's was definitely another highlight for the team. Playing against a very high caliber of competition was definitely a challenge, but it was a great learning experience to prepare us for the Ross Cup.

The second squad team featured players from a variety of hockey backgrounds, including many experienced players who will soon be knocking on the door of the senior team. These players were accompanied by beginners who made great progress in their development and discovered a love for hockey through their involvement in the program.

Brentwood's Junior and Senior teams acquitted themselves well in the annual Ross Cup. Both squads practiced hard all season to host this tournament, and this paid off. The improvements of both teams from the beginning to the end of the season was evident as they played against tough competition with some great results.

The Brentwood-Shawnigan "Shawood" girls' team had a very successful season and built many great relationships. This diverse group of girls dug deep every game and were determined to improve upon their skills and knowledge of the game.

The program would like to thank the entire coaching staff for such a fun and skill-building season. It was a great year for the Brentwood Hockey program: the future looks very bright for this young team.

# Public Speaking, Debate, & Model UN

It is in the remit of debate teachers to ensure that our students can access the nub of an issue, tease apart all main conflicting ideas, priority rank them & refute them with a roughly even collection of evidence & analysis. Model UN provides both an entry point into the world of argumentation & adds a measure of sensitivity training, so students know when some issues are more effectively dealt with by conceding all or parts of them, rather than contesting them in entirety. Ms Cuk's public speaking class completes the trifecta of rhetorical training, giving children more power over their air pressure, larynx & vocabulary, all employed to match the tone & emotional tang of the sentences uttered, nuancing & buoying the effectiveness of argument without doing violence to meaning.

What became poignant this year was how the leveraging of all that skill training created close relationships between students & students with their teachers, such that when the pandemic hit & our art classes became optional, many of our students continued to train & compete. After over 40 attended ShawMUN this past fall & also a very successful CAHSMUN, students took part in Quarantine MUN (QMUN) over video conferencing.

Public speakers performed heartily in the Soapbox event in Duncan, organized by our beloved emeritus teacher Mr Maclean back in January. We also had one student, Captain Amelia Hadfield, win top prize in after-dinner speaking at the Internationals Public Speaking Championships in Boston – a highlight for all of us. In the final term, over twenty debaters came together for Friday debates online, contending with topics ranging from possible overclaims of the environmental movement, to whether Canada should invest in more non-American trade ties to bolster its own economic stability.

We enjoyed the addition of Ms Legassick's & Ms Cuk's coaching styles this year. 120 students in this marvelous fine art needed broad & varied points of direction. We dearly hope to see more elocutionary contests happening in the same room next year, without aid of a computer screen, but we sign off of '20 with a strong sense of vigour & accomplishment.

# Grade Eight

What a joy these awesome Grade 8 students are! Whether playing a whole-class game of rugby on Crooks Common after Thanksgiving Dinner, singing "Hey Ho" together in music class, or competing in an intraclass World Cup of Rugby tournament for PE, the inclusive and positive energy of these 8s is infectious. These 26 exceptional young people came to Brentwood this year, embraced the tripartite philosophy, and thrived in the classroom, on the sports floors and fields, and on the stage.

Who can forget Mr Patel being splurged with silly string during Assembly as the 8s promoted their Buggy Malone musical? The energy created during that dramatic advert was carried into the three-day run of Buggy, which received praise from all audiences. Such artistic activity was replicated later in the year as students sang together in music and made visual arts creations.

Experiential learning like that is the heart and soul of the Grade 8 Program. As well as those arts, students also experienced a wide range of sports through their PE program and participated in activities such as hands-on science labs, the SMUS Leadership Conference, and a BC Museum outing.

These Awesome 8s took their smiles and enthusiasm for experiential learning outdoors, too. A three-day Camp Thunderbird adventure to start the year established supportive relationships that nourished us for the entire year. That experience was followed by spelunking at Horne Lake Caves, two full days of activities on Mt Washington, and, not to be denied by a pandemic, these creative and committed kids went Zoom camping together to conclude their year.

Yes, there were tests and quizzes and assignments and homework. There were long days, sports injuries and other challenges. Mostly, though, there were 26 exceptional young people living our Grade 8 Program values: be kind, be inclusive and work hard.

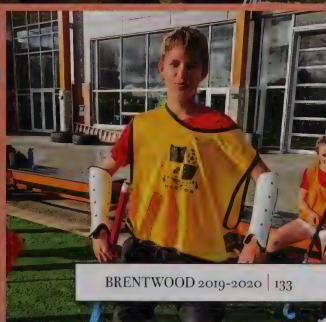

Mr Daryl Stevens

# Houses

# Alex House

September brought over 20 new faces to the quiet halls of Alexandra. They were welcomed with anticipation by our new Houseparent Mrs Warner, Assistant Houseparent Ms Hall, and our RFA Ms Davis. The returning girls welcomed these new members with open arms and quickly helped them adapt to the busy Brentwood life and sisterhood that is Alex House. Orientation brought a hectic week filled with exciting interhouse competitions, house bonding, and new friendships that turned strangers into sisters. We competed tenaciously at our first interhouse event of the year, Fun & Games, which ended with sundaes and a dance party in the common room of our brother house, Whittall. As the year progressed, the girls took part in many of our Alex traditions. The Grade 12s cooked in-house breakfasts, hosted Big Little Sisters, Dino fams and the house came together to celebrate our Open House in February which brought the house down, literally, when we broke our common room floor while dancing!

We celebrated many birthdays, interhouse wins, and nights when the Grade 9s got to bed on time. We forged on through uncertain times during the pandemic and remained a tight-knit

family through virtual house meetings, Big Littles, and group chats where we shared recipes, podcasts and more. We owe so much of our fantastic year to the hard-working duty staff who made it all possible. We were so lucky to have Mr Warner Ms MacInnis, Mrs Mais, & Ms Richardson in our house this year always providing encouragement and love when we needed it most.

Thank you to Ms Hall for your unwavering love for Alex House and for being a best friend, life coach and die-hard Alex fan. Thank you also to Mrs Warner for balancing your family and the Alex House family while being our fearless leader and our rock throughout the year.

Alex House, you have given me unforgettable memories & lifelong friendships. Thank you for giving me a home away from home for the past three years.

Love, *Grace McNeill, Alex House Captain 2019-2020*

# Allard House

The school year marked many wonderful changes for Allard & began with perhaps the most exciting of them all. In September, not only did we welcome our newest mermaids, but also our fearless leader Mrs Amiel & her family. We have spent just shy of a year together, but I'm sure the girls would agree when I say that our time in Allard has proved our community's impressive ability to take strangers from all corners of the planet & turn them into family.

While mermaid traditions were upheld, such as the rose ceremony with Rogers after a busy Orientation night of Fun & Games, many adjustments were made throughout the year to define the beginning of a new chapter in Allard's history: common-room furniture was reconfigured, Valentine's Day trick or treating made a debut & our first RAD skate night helped us bond with the lovable Rogers pirates. Hosting guest inspectors, including Mr Patel & a special visit from our favorite Mama Carr, also established a new set of mermaid standards for the years to come, as well as gave us the chance to show off our serenading skills with a classic rendition of our house song, "Lean On Me."

Every year in Allard proves to be significant. I am particularly impressed by this group's ability to step up despite all odds to support their house & our collective desire to foster the cross-grade relationships that make our family so special. When our Big/Little Sister events seemed to be lacking, our co-joy prefects took on the challenge of redesigning Gwynn Groups. When we were on an unfortunate losing streak with the IH competition, we rallied our troops & took 3 wins in a row & when no one wanted to get out of bed on a cold January morning, Allard mermaids were among the first in for the polar bear swim. Thank you also to this year's lifers, Aatya, Reece, Cailine & Jessica, who have been dedicated members of our house for a quadrennial.

It has been a monumental year for our house & one that none of us will forget.

Kindly, *Georgia Guthrie, House Captain*

# Ellis House

As the year comes to a close & I begin to reflect on all that has happened over the past school year, I have come to realize how truly fortunate I am to be surrounded by such a fine group of boys. It feels as if it was only weeks ago that a sea of new faces flooded Ellis House & the year began. We welcomed the new boys with house soccer & Mackenzie speed dating, as well as a proper Ellis showing at Fun & Games. Of course, we can't forget our success in Eco-Challenge, foreshadowing our interhouse dominance throughout the coming year.

In no time, strangers became friends & the house grew closer. The Grade 9 hallway was always in some kind of turmoil, which easily made it one of my favorite places to be. Every night the 9s pushed bedtime as close to 9:45 as possible as they are always full of energy & smiles. When it comes to the 10s, I can always count on them for a laugh & good conversation. Seldom do I walk their hallway without hearing one of the 10s roasting their buddy with a chuckle. We also have the 11s. Although each is quite different, they are all great men & I trust they will be fantastic leaders in the coming year.

Of course, I would be remiss if I didn't thank the excellent Ellis duty staff. Thank you Mr Cowie for your hilarious jokes & mustache which hasn't aged since 1970. Thank you Mr Skarda for going above & beyond with every boy: we are grateful. Thank you Ms Simon for always keeping rowdy Ellis boys on task. Thank you Mr Luna for your calming demeanor & wealth of wisdom. Thank you Mr Rodrigues for being the coolest & kindest RFA I have ever known. Finally, thank you Mr Wismer & Mr Barrett for treating the Ellis boys as if we were your own children.

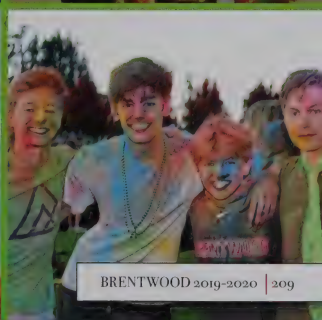

I'll miss our Saturday night BBQs, perfect laundries, Big Bros, Christmas Dinners, & interhouse victories (4peat). Although the Grade 12s may not have had the ending we were hoping for, I am so incredibly thankful for my three years here. Thanks for everything boys. Ellis House, best house.

# Hope House

Hope did not show defeat in '19-'20. We might not have been able to host a tea party, jump in the ocean together or have an emotional bonfire - but everything we've been through will stay with us no matter how far we are from each other. I knew this year would be special because of the willingness to be involved at Fun & Games; that resulted in Hope/Priv starting the year off with a big win: "Whose house? Our house!"

We all walked through Hope's doors not knowing what would come and proved that the Hope House values aren't just words written on our common room walls. Every girl represents those values & together we're what made our house legendary. Not only did we keep up our house traditions like hhh/big lil' sisters, pms stick passing & dinners with Mrs Hedquist, we also celebrated Christmas decorating like there was no tomorrow, played capture the chicken, watched scary movies, cheered our housemates at Showcase Basketball, made an uncomfortable amount of bathroom tik toks, had rap battles in the hallway, experienced competitive times with Mrs Luna while she judged our gingerbread houses & Halloween pumpkins, & so much more.

These shared moments encouraged all the girls to be the best version of themselves which was evident as we took on the school year with each

other. Baya became the Meta9 queen with all her achievements, multiple Hope girls spoke at Assembly, we won Mr Sullivan's pop quizzes, the prefects tried to assassinate Mr Patel for Open House & the 11s got Mr Patel to dye his beard pink!

Our strength was tested by the virus, but we came out victorious. Participation in house meetings/bonding time stayed at an all-time high & the dedication of the prefects never failed. Even though we ended the year scattered all over the world experiencing different things, one thing we all have in common is, no matter where we are & what we're doing, we will always be part of something only some the luckiest people have experienced—being a Hope girl, a #hopelings. Hope will forever be unmatched thanks to all the staff who stepped in &, of course, the prefects for never failing to entertain during bed time tuck-ins.

I can't imagine saying goodbye to Hope—but alas, our time at Brentwood has come to an end but the lessons we all go through in Hope will stay with us forever. It's said that having a dragonfly on your head is good luck & it just so happens we all have one on ours.

# Mackenzie House

When September 2019 rolled around, 22 students learned that they were privileged to join Mackenzie House. Orientation Assistants lugged boxes into rooms and welcomed our new students with open arms. These students slowly learned what it meant to be part of this tight-knit home. Laughter was radiating throughout and it made for an incredible Orientation week.

As the returning students arrived back into their home, it was evident that the house had a few newcomers: the returners embraced their new friends and we became the Mackenzie family. With lots of new characters entering the house, Mack House grew in personality and fun. After all, this is what we are all known for! Each grade group was successful in settling into their niche. The Grade 9s were so sweet, filled with lots of energy, and definitely won our hearts over despite Laila sneaking noodles into her room. The Grade 10s not only grew in numbers but also became more boisterous, from hearing the twins' contagious chuckle to Meave and Lara's room

exploding with laughter. The Grade 11s matured and we have confidence that they'll do a spectacular job in leading the house next year. The Grade 12s had a reality check and grew into adults ready to take on the world outside Brentwood's gates.

Looking back, there are many fond memories the house is able to reflect on: our fashion disaster open house, in-house breakfast, the annual BBQ, and our many wins at interhouse events. However, there are many events that didn't occur in 2020 due to COVID-19. The pandemic forced us to have an extended Spring Break with online classes. With Graduation, Regatta, and third term torn away, the grads didn't take this lightly—it was extremely hard on them as well as the rest of the house. As tough as this was, Mr. Patel noted, "The Grad Class of 2020 will be remembered forever." Goodbye, Mack House. You were unique and special to each and every one of us.

# Privett House

As the year falls behind us, the halls of blue have yet again managed to groom an exclusive breed. Some may argue it was those early, middle-of-the-winter breakfast sign-ins or the glaring reprimands from the staff as we flaunted our fresh-cut mullets. The foolish may even give credit to the newly adopted phone policy, but no, not even close. It is the blue blood of the unique individuals who live, breathe & blossom—no, not on the MT, but under the roof of Privett—that collectively define & forge the compassionate, loving & fearless men who are Privetteers.

From day one, with emphasis on our pillars of pride, brotherhood & trust, each & every Privett boy stepped up to their individual challenges while contributing to the unified excellence of the house as a whole. A strong first place finish in Fun & Games set high hopes for the rest of the year, a hope which the boys fulfilled spectacularly. From our nimble pianists, to our adept actors, Privett proved to be a dominant force on the Brentwood stage. Undeterred by an unlawful X, we even managed to scrape a triumphant victory in Airband. Successes aside, the 2019/20 journey has evidently welded together the Privett family into a band of brothers like no other.

This year, under the wise guidance of our fearless houseparents, each grade has flourished. First, the not-yet so fearless Grade 9s; their young blood fills the house with charismatic energy & yes, ceaseless high-pitched shrieks, likely emanating from the upper west hallway. Once past the rambunctious 9s, your ears will lead you to the Grade 10s, who always seem to be rapping - something about a Nan? Anyways, Privett will be left in good hands next year as the 11s shape into the future leaders of the house. To my fellow graduates, we've nearly made it - yes, even you Pio<3. As sad as it is to say goodbye, the many fond memories & unbreakable friendships will live on for years to come.

Last & never forgotten, our beloved house staff, without whom we'd be nothing short of a babbling, bumbling band of baboons. With much love, we owe to you an eternal thank you.

Forever Bleed Blue, Callum Blake-Currier, House Captain

# Rogers House

"Rogers House is the sweetest" agreed many students.

The Rogers crew rises to the 7:00 bell and departs to eat a delicious breakfast at Crooks. Once we return, we begin to tidy our dorms to get ready for the morning inspection; some of us have morning chores such as vacuuming the hall or emptying the garbage. By 7:50 am, the prefects inspect each dorm and house chores to ensure they are done properly. Once the bell hits 8:10, Rogers sailors march to the hallway and greet Captain Snow and his Assistant, Mr Thompson, on their way to morning classes.

When the boys return from their sports and arts, Rogers becomes lively again. In the common room, we enjoy playing pool with our peers. Others gather around the TV and enjoy their free time. Some students go to the Galley, a unique Rogers facility. The Galley is where people can buy a soda or small snacks for a relatively cheap price. It's run by Galley Prefect Andrew Garnett and his assistants.

Rogers has a ritual to celebrate our crew's birthdays. Whenever it is someone's birthday at Rogers, we all gather around and sing the Happy Birthday song at the top of our lungs. I think this represents the savagery of us pirates at its finest.

Rogers House benefits the most in the springtime. There is a rugby field right outside where everybody vibes and chills. Sadly, this year, Covid-19 made it difficult to experience this oasis-like experience. However, Rogers House's spirits have made no changes. Our House Meetings via Zoom seemed as lively as ever. We have a Discord server where every Roger's Crew can feel free to talk amongst themselves and experience a virtual common room. We also have a Minecraft server where we pop in after classes to meet each other virtually and play around as we would be doing on the rugby field.

I want to thank everyone who is part of Rogers for keeping this spirit alive. I'm looking forward to gathering around again and sharing our quarantine experience—in Rogers.

# Whittall House

The '19-'20 school year will be one for the Whittall history books. Although the year didn't go as planned, we wouldn't change anything about our time together. We started off the year with a strong Whittall-Alex performance at the annual Fun & Games & topped the night off with brother-sister house bonding & plenty of sundaes. The rest of Orientation was a blur of dodgeball, field games, & turning 26 strangers into Whittall family.

What these new Whittall boys did not expect when first walking through our doors is how close they would become with one another & how important they would be as part of the house. Throughout our year we upheld Whittall traditions such as our classic Saturday night BBQs with boys like Ocean & Lorenzo offering their culinary expertise leading to many memories of late-night talks in the common room. Nobody can forget the familiar shouts of our new Assistant Houseparent, Ms Pettit, calling for a house meeting & the boys seeing how far they could push her buttons. Grade 12s led Big Bros on Tuesday nights, providing pizza & activities ranging from the impossible situp to advice about women.

The brotherhood created this year was one that no Whittall boy took for granted & was tested during the uncertain times of the pandemic. While none of us missed the rats, we missed each other, keeping our spirits up with weekly house meetings & Big Bros. This year would not have been possible without the man that somehow manages to hold the house together, Mr. Gage, who kept us humble with his ironic remarks & helpful advice. On top of this, we had the duo of Ms. Pettit & Mr. Veenema who put up with more than their fair share of late nights & all the other eventful moments that come with living in a house full of boys.

It's going to be hard saying goodbye to Whittall after all these years, but every boy that has been through Whittall, like me, knows the true meaning of brotherhood & what it's like to have a home away from home.
